

State of Arizona  
House of Representatives  
Forty-eighth Legislature  
Second Regular Session  
2008

House Engrossed

**FILED**

**JANICE K. BREWER  
SECRETARY OF STATE**

CHAPTER 68

# **HOUSE BILL 2466**

AN ACT

AMENDING SECTION 41-1803, ARIZONA REVISED STATUTES; RELATING TO THE STATEWIDE  
CRITICAL INFRASTRUCTURE INFORMATION SYSTEM.

(TEXT OF BILL BEGINS ON NEXT PAGE)

1 Be it enacted by the Legislature of the State of Arizona:

2 Section 1. Section 41-1803, Arizona Revised Statutes, is amended to  
3 read:

4 41-1803. Statewide critical infrastructure information system;  
5 disclosure; definition

6 A. The department of public safety shall establish and operate a  
7 statewide critical infrastructure information system.

8 B. When the department of public safety declares through written  
9 notice to all state agencies and local governments that the statewide  
10 critical infrastructure information system is operational, all state agencies  
11 and local governments shall only use the statewide critical infrastructure  
12 information system and shall not operate independent critical infrastructure  
13 information systems. State agencies and local governments are not required  
14 to use the statewide system if they are operating or developing a critical  
15 infrastructure information system before the department of public safety  
16 declares that the statewide critical infrastructure information system is  
17 operational. State agencies and local governments shall make efforts to  
18 ensure that the statewide system is interoperable with other critical  
19 infrastructure information systems allowed by law.

20 C. All state and local government-owned critical infrastructure  
21 facilities that are occupied by state or local government employees shall be  
22 added to the statewide critical infrastructure information system when  
23 funding is available. Nothing in this article requires any state agency or  
24 local government to add a critical infrastructure facility to the system  
25 unless the entire cost of adding the facility is provided by available  
26 federal monies.

27 D. Except for state and local government owned critical infrastructure  
28 facilities, any entity may voluntarily participate in the statewide critical  
29 infrastructure information system at their own cost. Tribal participation  
30 shall be supported with federal monies provided directly or by this state  
31 under procedures established for grant allocations by the office of the  
32 governor.

33 E. Consistent with the guidelines developed under section 41-1804, the  
34 department of public safety shall make critical infrastructure information  
35 available, consistent with information protection procedures, to all state,  
36 local, federal and tribal law enforcement agencies, the department of  
37 emergency and military affairs, public health organizations, the department  
38 of agriculture, the department of health services, fire departments and other  
39 organizations as necessary to safeguard personnel and property in this state.

40 F. The department of public safety shall pursue federal monies for all  
41 state and local critical infrastructure facilities to be added to the system.

42 G. All critical infrastructure information provided to the department  
43 of public safety OR ANY LOCAL GOVERNMENT is exempt from public disclosure.

44 H. For the purposes of this article, "local government" means any  
45 county, city, town, school district or tribal law enforcement agency.

~~APPROVED BY THE GOVERNOR APRIL 22, 2008.~~
